About Uttarakhand University

UGC has recognized Uttarakhand University under section 2(f) and 12 (B) of the UGC Act, 1956, and other statutory bodies of the State and the Nation. The University has been accredited with the prestigious “A+ Grade” by the National Assessment and Accreditation Council (NAAC) and NIRF Ranking. Uttarakhand University is committed to promoting quality education, fulfilling the social responsibility of providing quality professional education, and offering access to the best educational opportunities for many students. Uttarakhand University boasts a large green campus and is a leading university in the fields of engineering, applied and life sciences, LAW, management, pharmacy (75 NIRF Ranking), agriculture, and hotel management. It features world-class state-of-the-art infrastructure and campus facilities, making it an ideal environment for academic excellence and research innovation.

It is situated on National Highway NH-72, near Nanda Ki Chowki, Chakrata Road, Dehradun, and spans an area of over 50 acres.

About Us

UIM has been at the forefront of providing quality education in Management and Commerce. The institute was established to create management professionals who can dynamically explore new avenues in entrepreneurship and management.

University Management and Business study programs are value-driven and industry-needs centric, specifically designed to meet corporate requirements. The curriculum offers a true blend of academic excellence and practical management applications. Students are encouraged to incorporate the integrative process of business and management practices into their studies.

Today, UIM, Best Management Institute in Uttarakhand, India, is leading the way in offering excellent educational facilities, faculty with impeccable academic credentials, and a plethora of programs to choose from. It is a much sought-after Institute for Management Studies and is widely acclaimed for its strong placement record. We collaborate with premier corporate houses for internships, summer training, and student recruitment. Our research programs are highly innovative and relevant to current management practices. They are designed to develop managerial expertise, foster innovative trends, and aid in creating an effective management think tank.

About Conference

The International Conference on Inclusive Management for Resilient Businesses in an Agile UN SDG Ecosystem serves as a significant platform for academicians, industry experts, policymakers, researchers, and practitioners to deliberate on emerging strategies and practices that promote inclusive management and resilient business models. The conference highlights the importance of aligning organisational agility, sustainability, innovation, and responsible governance with the United Nations Sustainable Development Goals (UN SDGs) to address evolving global challenges and foster sustainable socio-economic development.
